Effortless Online Note Sharing to Enhance In-class Learning

As a teacher, you can easily share class notes with students to enhance their understanding of the subject. Side by side, our platform also allows you to collaborate with your colleagues by offering a medium to share files.

Along with content sharing tools, you can also gain access to extra teaching/learning resources from our platform to improve the quality of education.

The screenshot shows the 'The Future School - Online Learning Platform' interface. At the top, there are navigation links: Home, Classrooms, Teaching Resources, Testpapers, Chat Rooms, Announcements, and My Time-Table. Below this, there are filters for 'Subjects' and 'All Subjects', along with a 'Reset Filters' button. The main content area is divided into three sections: 'My Resources' (with a folder icon), 'School Resources' (with a school building icon), and 'Global Resources' (with a globe icon). Three callout boxes with dashed arrows point to these sections: 'Upload learning resources here to share with students.' points to 'My Resources'; 'Upload resources here to share with other teachers.' points to 'School Resources'; and 'Get additional teaching and learning resources from here.' points to 'Global Resources'.

Scheduling Online and In-Class Sessions

You can schedule Online and In-Class Sessions from our platform. This allows you as a teacher to adapt to diverse modalities of education, satisfying the requirements of both online and conventional classroom environments, facilitating efficient lesson delivery and student engagement in any learning context. Attendance for online classes can be conveniently monitored. And for physical classes, teachers can manually record the students who were absent, sick or were granted the permit to skip the class. The attendance records are stored in the platform's database and can be used as needed.

Create Session

Your session will be created and added to your class schedule. All students invited in the session will receive a notification on the platform. Your session will be created with the following details:
